PFAFF®

Husqvarna

THE PERFECT TOOL FOR YOUR NEXT SEWING PROJECT!

$120 for the circular attachment

FREE instructions on other side!

"Runner" as seen in our shop

You may have seen the stylish table runner hanging in our shop. It features uniquely stitched circular patterns which are easily achieved by using the circular attachments for both **PFAFF** and **Husqvarna machines.**

We have decided to give our valued customers free instructions for the **'Magic Flower Heirloom Square'** project which could be used for a cushion, bag or even a quilt. All the requirements and embellishments can be bought here at Melanns.

If you have any questions or are interested in learning more, be sure to book into our fun and helpful Heirloom Quilt Workshop.

-Wool wadding 14" square
-Quilt Basting Spray
-Block Marker
-Quilting Ruler 6.5" x 12"
-Blue marking pen
-Small piece calico with tearaway to practice stitches

-MACHINE FEET - Open toe foot and Circular attachment
-Bobbinfill
-Universal Needles 90 or 80's or both if you are unsure.
-Tearaway for decorative stitching (allow plenty)
-Sewing machine and foot control

-Pins, scissors (General Sewing equipment)

THREADS - Robison-Anton colours:

- Natural White 2342
- Cottage Beige 2593
- Ecru 2232
- Bone 2582
- Ivory 2335

Embellishments:

- Lace Flowers
- 100% cotton contrast fabric for appliqué
- Vliesofix

Instructions:

1. Using your block marker, mark the centre of your 14" calico with horizontal, vertical and diagonal lines.
2. Write 'top' on the top of your block.

PETALS

3. Place tearaway behind your square
4. Using the template (with grid lines) that come with the Pfaff or Husqvarna circular attachment place Centre 'O' on your centre dot, this will have all other dots matching your diagonal, vertical and horizontal lines.
5. With your marking pen, mark both 'A' points at the 26 and the 'O'. Remove template and put 'A' and 'O' next to corresponding dots.
6. Flip the template over and mark the other half of your block the same way.
7. Attach the circular attachment. Thread the machine with embroidery thread 'Bone' or your choice. Set the circular attachment to 26. (To sew you will only be sewing one side of the petals at a time) Use foot 1A.
8. Place the pin in the 'O' point start at one 'A' swing the fabric so you are sure that the stitch is going the right way - through the centre axis and finishing at the other 'A'.
9. Once you have it correct, stitch the half circles out in decorative stitch, this makes the petals.
10. Continue in the same manner until you have completed 4 petals.
11. TO MARK the next 4 petals set your template on the diagonal lines and mark at the size 18 remember when you remove template to mark dots 'O' and 'A'.
12. Once again stitch these 4 petals out, the pin is in the 'O' mark, always check that you are swinging the fabric the right way, so the stitching line goes through the centre point

BACKGROUND CIRCLES

13. With the circular attachment and use the centre mark on your block, adjust the length to fill in between the stitched petals, starting and stopping at the petal edges. I used 'Natural White' for this stitching.

APPLIQUE PETALS

14. Iron Vliesofix onto square of contrast fabric - remove backing and finger press horizontal, vertical and diagonal lines then centre this on your block and pin in place.
15. Using the template again mark size 20 remember to mark your 'O' and 'A' points.
16. With a straight stitch, stitch out the 4 petals. Remove block from the circular attachment and cut away outer fabric. Iron
17. Return to circular attachment and satin stitch in colour 'Ecru' over raw edges of fabric making sure of each of your petal points.
18. You can decorate all petals to your liking using decorative stitches from your machine.
19. Remove tearaway and spray wadding to block with Quilt Basting Spray
20. Using 'Ecru' colour thread, triple stitch around outside edge of outer petals and around appliquéd petals.
21. Arrange centre flowers and stitch on
22. The final outside circle - use your foot width as a guide or with a compass draw this line. Use an open decorative stitch. Wash away markings and resize the block, iron.
