20-Year Business Success Story - thanks to all of you!

20th Anniversary

Melann's FABRICS & SEWING CENTRE

1995 2015

Why do people tell us there isn't another store like Melann's anywhere in South Australia?

We can think of a myriad of reasons because we are so proud of every element of our wonderful shop, but most of all, we believe it's because Melann's is more than just a sewing centre… it's the place to learn, be inspired and feel motivated!

From dress, stretch and quilting fabrics to haberdashery, machines, machine service, classes, scissor sharpening and electric tagging, Melann's is truly a one-stop wonderland for every sewing need. There are patterns galore, sewing furniture and accessories and workshops and classes with our own brilliant teachers, along with guests from all over the world.

Add to that our very own International Master Service Technican and you'll never have to worry about your sewing machine or overlocker letting you down again…
